

4-H PROJECT HISTORY

This is an on-going (cumulative) record of 4-H projects completed in past years. Indicate size of your project from year to year by stating number of animals, number of quarts, number of garments, number of acres, crafts, etc., involved in each year.

List the first year first, giving projects by columns. If necessary to attach more columns, insert another copy of this page. Give total of each column at bottom of page. **HINT:** Photocopy this sheet **BEFORE** you total your column, then use the photocopied sheet for next year and just add to it.
